Claims 1-5 (previously canceled)

Claims 6-11 (canceled)

12. (Amended) A scented calendar having a container of a fragrant oil attached to the calendar to permit replenishment of a scent element attached to the calendar, the scented calendar comprising an annual calendar formed by a plurality of sheets of paper each having an artwork image on one face and a monthly calendar image on an opposite face, wherein the artwork image is oriented upside down with respect to the monthly calendar image on the opposite face so that flipping a face bearing a monthly calendar image upwardly about a horizontally disposed axis reveals an artwork image positioned above a next following monthly calendar image, both in an upright orientation, wherein each sheet defines an aperture adjacent a bottom edge of the calendar image and adjacent an upper edge of the artwork image to permit the calendar to be mounted to a wall hook or nail,

~~wherein the artwork images comprise artwork of roses and the scent carried by the calendar comprises the scent of roses;~~

~~said annual calendar further comprising a spine element attached to the sheets of paper by ring elements and forming the horizontally disposed axis and including~~

a first sheet having a January artwork image on one side; and

a second sheet having a January calendar image on one side and a February artwork image on an opposite side, said first sheet and said second sheet being connected via the spine element so that

the January artwork image faces the January calendar image when the calendar is in a January-closed position and the January artwork image is positioned above the January calendar image when the calendar is in a January open position;

wherein the scent element which releases scent corresponding to the January artwork image is positioned between the January calendar image and the January artwork image when the calendar is in the January-open position,

the scent element being formed from blotting paper which is impregnated with a fragrant oil having an aroma which corresponds to the January image.

13. (Amended) A scented calendar as in claim 12 wherein the spine comprises a spine element attached to the sheets of paper by ring elements and the container is in the form of a vial which is positioned inside of the ring elements which connect the spine with the sheets of paper carrying the monthly calendar images, wherein the images are images of flowers.

14. (Amended) A scented calendar as in claim 12 further comprising a plastic wrapper encasing the scent element which can be removed by the user to release the scent, wherein the images are images of flowers.

Claim 15 (previously cancelled)

16. (Amended) A scented calendar

comprising an annual calendar formed by a plurality of sheets of paper each having an artwork image on one face and a monthly calendar image on an opposite face, wherein the artwork image is oriented upside down with respect to the monthly calendar image on the opposite face so that flipping a face bearing a monthly calendar image upwardly about a horizontally disposed axis reveals an artwork image positioned above a next following monthly calendar image, both in an

upright orientation, wherein each sheet defines an aperture adjacent a bottom edge of the calendar image and adjacent an upper edge of the artwork image to permit the calendar to be mounted to a wall hook or nail,

- 10 ~~wherein the artwork images comprise artwork of roses and the scent carried by the calender comprises the scent of roses;~~

Am 7 said annual calendar further comprising a spine ~~element attached to the sheets of paper by ring elements~~ and forming the horizontally disposed axis and including

a first sheet having a January artwork image on one side; and

- 15 a second sheet having a January calendar image on one side and a February artwork image on an opposite side, said first sheet and said second sheet being connected via the spine ~~element~~ so that the January artwork image faces the January calendar image when the calendar is in a January-closed position and the January artwork image is positioned above the January calendar image when the calendar is in a January open position;

- 20 said scented calendar further comprising a plastic sheet which defines a plurality of pockets attached to the spine ~~by the rings~~, wherein each pocket carries a removable scent element which carries a scent.

17. (Amended) A scented calendar as in claim 16 wherein
wherein the artwork images comprise artwork of flowers and the scent carried by the calender comprises the scent of flowers, and
each removable scent element is configured to be attached to the calendar.

18. (Amended) A scented calendar as in claim 17 wherein

the spine comprises a spine element attached to the sheets of paper by ring elements, and
each removable scent element is formed from a card of blotting paper having a generally
rectangular shape and a slot extending alongside an edge surface of the card which is adjacent to
the slot, a spear shaped protuberance being formed between the slot and the adjacent edge surface
which is configured so as to be received by the rings ring elements attaching the spine to the
sheets.

19. (Amended) A scented calendar as in claim 17 further comprising a plastic holder which
defines a pocket for receiving a scent element and a fastener for ~~attached~~ attaching the plastic
holder to the calendar when the calendar is in a January-open position.

20. (Amended) A scented calendar as in claim 19 wherein the scent element is sized for being
received by the pocket, wherein the artwork images comprise artwork of roses, and the scent
carried by the calendar comprises the scent of roses.

21. (Newly added) A scented calendar which comprises an annual calendar formed by a plurality
of sheets of paper forming artwork images and calendar images, and a plurality of removable
scent elements, wherein the scent elements are each encased in a plastic wrapper which can be
removed by a user to release a scent which corresponds to an artwork image. X

22. (Newly added) A scented calendar which comprises an annual calendar formed by a plurality
of sheets of paper forming artwork images and calendar images, and at least one scent element,
and further comprising at least one container of a fragrant oil attached to the calendar to permit
replenishment of the at least one scent element. X
